

Grassland Improvement Program

Landowner Application

The Grassland Improvement Program improves the health and diversity of grasslands. This is a partnership with Pheasants Forever, Quail Forever, the Nebraska Environmental Trust, the Nebraska Game & Parks Commission, Natural Resources Conservation Service, and the US Fish & Wildlife Service. Landowners accepted in the program will receive an incentive of \$35-\$60 per acre to defer grazing on enrolled grasslands for one calendar year when prescribed burning and other grassland improvements are performed on the grasslands the following year.

Name: _____ Phone Number: _____

Address: _____ City, State, Zip: _____

PF Biologist: _____ Phone Number: _____

Legal Description Sec _____, T _____, R _____ Acres: _____ County: _____

I am interested in the following grassland management activities (check all that apply):

- Deferred grazing
- Developing a rotational grazing system
- Eastern red cedar control and removal
- A rotation of prescribed burns
- Increasing wildlife habitat
- Interseeding new grasses into the grassland
- Repair of erosion cuts and gullies
- Attending a prescribed burn training
- Increasing pollinator habitat

I currently participate in the following conservation programs (check all that apply):

- EQIP – Environmental Quality Improvement Program (USDA)
- CRP – Conservation Reserve Program (USDA)
- RCPP – Regional Conservation Partnership Program (USDA)
- WILD Nebraska (NGPC)
- Pheasants Forever or Quail Forever habitat projects
- Other: _____

Please return the application to your local Farm Bill Wildlife Biologist or:
