

Upper Loup NRD Drip Well Cost Share Application
_____ **Application Date**

By using a "drip well" system the District believes it can help reduce water contamination from the continuous dripping of oil during pump operation.

Cost share is only provided for those Drip Wells placed on **ELECTRIC** wells. Items of cost for which reimbursement is claimed are to be supported by documentation of payments made. Cost share is 50% of actual cost. The District will pay cost share on a maximum of 2 drip wells per producer per year.
